# Google Drawings

- Compare to Microsoft Publisher
- No Templates as the default like Publisher, but you can create some

# Skills

- Change background color
- Change custom size
- Insert and format Word art
- Snap to Guides
- Insert and resize and image/shape
- Insert and format text box
- Print preview
- Group, Rotate, Arrange objects
- Use line tools (polyline, curved, scribble)
- Edit shapes
- Download as a PDF Document, JPEG Image
- Share a Drawing
- Insert Drawing into other Google Apps (Doc, Slides, etc.)
